

**Scintel Technologies appoints Phil Stevens
as Chief Information Officer and
Executive Vice President**
Atlanta, August 12, 2009

Effective August 12, 2009, Phil Stevens has joined Scintel Technologies, Inc as Chief Information Officer and Executive Vice President, supporting the company's operations at the international level. Phil will be focused on identifying and cultivating major growth initiatives and oversee the company's worldwide technology strategy and on building a world class organization to help deliver exceptional value to our clients.

In addition, he will continue to strengthen relationships with our existing clients, provide leadership to the development and sales teams and provide direction to the development of new products.

Phil will work closely with T.K. Ganesh –President and CEO of the Scintel group of companies and help him meet the strategic goals for 2009 and beyond.

Phil brings to Scintel Technologies a level of expertise that will support the company's aggressive growth goals and the strategic deployment of our emerging and advanced technology practices. He has extensive experience in the Information Technology industry with consulting, implementation, management and entrepreneurial experience. Phil possesses an insightful understanding of the strategic imperatives in our business as well as a savvy technological focus.

A former CIO of Education Finance Partners and a former Senior Vice President at Macys Systems & Technology, Phil has worked in the areas of meeting customer's needs by leading large teams engaged in architecting and proposing technological solutions to solve enterprise level problems. He brings to us an intimate knowledge of major technology manufacturers, current technology and emerging technology solutions and market trends. Phil has a proven track record in highlighting and resolving issues in diverse technical environments and coordinating team efforts for large-scale deployments of complex technological solutions, and problem resolution. Phil is a seasoned Information Technology consulting veteran with extensive experience in leading large IT initiatives for fortune 500 companies.

Phil will be based out of the Duluth office in Georgia covering the entire North America footprint.
