

Scintel Technologies appoints Shailesh Patel as Executive Vice President
Atlanta, September 21, 2009

Effective September 21, 2009 Shailesh Patel has joined Scintel Technologies, Inc. as Executive Vice President and will be supporting the company's operations at the international level. Shailesh will be focused on improving the operational and financial processes, and help implement a cohesive management structure, improving human resource organization as well as providing technical leadership to the development teams. In addition, Shailesh will also assume total responsibilities for product development initiatives and Business Process Outsourcing initiatives in Scintel. Shailesh will be reporting directly to T.K. Ganesh – President and CEO of the Scintel group of companies.

With an engineering degree from the prestigious Indian Institute of Technology and a Masters in Business Administration from University of South Carolina, Columbia, South Carolina, Shailesh brings to Scintel Technologies a level of expertise that will support the company's aggressive growth goals and the strategic deployment of our business process outsourcing services. He has extensive experience in the Information Technology industry with consulting, development, implementation, management and entrepreneurial experience.

A former Vice President of Technology and Operations at Equifax and a former IT Leader at GE, Shailesh has worked in the areas of managing and delivering complex IT solutions using state of the art technologies and methodologies. He brings to us intimate knowledge of major technology manufacturers, current technology and emerging technology solutions and market trends. Shailesh has a proven track record in highlighting and resolving issues in diverse, technical environments and coordinating team efforts for large-scale deployments of complex IT solutions spanning multiple time zones, and in a distributed development environment. Shailesh is a seasoned Information Technology veteran with extensive experience in leading large IT initiatives for fortune 500 companies.

Shailesh will be based out of the Duluth office in Georgia covering the entire North America footprint.
