

Scintel Technologies has appointed Vidya Viswanath as Executive Vice President
Chennai ,November 17, 2008

Effective November 17th, 2008, Scintel Technologies Private Limited has appointed Vidya Viswanath as Executive Vice President. Vidya will be taking over the entire India operations and will be supporting the company's operations at the international level. Vidya will be focused on improving the IT infrastructure, defining and implementing a cohesive management structure, improving human resource organization as well as providing technical leadership to the development teams. In addition, she will direct the company's initiatives to further improve the Scintel methodology for offshore software development and implementation, consulting and support.

With a Masters in Business Administration and a Masters in Computer Applications, Vidya brings to Scintel Technologies a level of expertise that will support the company's aggressive expansion of our offshore centers to meet the increasing demand from the western hemisphere. She has extensive experience in the Information Technology industry in consulting, development and implementation, quality assurance, management and entrepreneurial experience.

A former Senior Associate of Infosys Technologies and a Senior Associate of Standard Chartered, Vidya has worked in the areas of managing and delivering complex IT solutions using state of the art technologies and methodologies. She has extensive experience in delivering solutions using an offshore model and has hands-on experience in USA, Canada, Japan and the far east. Vidya has a proven track record in highlighting and resolving issues in diverse, technical environments and coordinating team efforts for large-scale deployments of complex IT solutions spanning multiple time zones, and problem resolution.

Vidya will be based out of the Chennai office in India and will have responsibilities over all the existing and future delivery centers in India.
