Scintel is dedicated to build it's brand and service offering
by creating talent teams of problem solvers with a variety
of consulting technology and business backgrounds.

About Our Company

Scintel Technologies Inc. is an Atlanta, GA based company that assembles solutions to business problems for Global 2000 organizations through the application of outsourcing and enterprise consulting. We partner with our clients to conceptualize and realize technology driven business transformation initiatives by using a low-risk delivery model to accelerate schedules with a high degree of time and cost predictability. Our Technology and Delivery Innovation initiatives ensure that our clients are constantly equipped with solutions, frameworks and skills to meet emerging opportunities and threats.

Job Summary

- SOA middleware developer with in depth knowledge of TIBCO EAI product suite. Development expertise on TIBCO Business Works 5.7+/DESIGNER/TRA/EMS/ADMINISTRATOR/ADB Adapter is a must. SOA knowledge in terms of overall architecture, design, processes, functionality and technical components would be a plus. Knowledge of the related EAI concepts including - Web Services based middleware implementation, transport protocols, UDDI, common services framework, error handling, automated monitoring, deployments, strong schemas/WSDLs/xml and version control skills are mandatory.
- The following would be a Plus: Experience on Java/J2EE programming, Siebel/Remedy (Adapters) integration implementations, General Interface [GI], Turbo XML.

Work Environment

- Onsite & Offshore development teams coordination and flexibility to work overlapping hours.
- Work with dedicated teams and experience with AGILE [SDLC] development methodology is a big plus.

Required Skills

- TIBCO

Experience

- 6+ years experience in TIBCO EAI is desirable.

If you meet the above qualifications we invite you to apply now to hrindia@scintel.com
